Spa Menu

Surrender your stressed mind & exhausted body
& restore peace and tranquility.

Our philosophy is a simple, holistic approach to well-being, health and happiness, with a natural Jamaica style. While spa techniques may vary, all forms of holistic therapy follow the same basic principle of ensuring the smooth flow of *-chi*, the energy or life force within the body. When *chi* is in balance our natural equilibrium of peace & harmony is restored. Our whole system works in total accord. Restoring balance in the entire system is the key to good health. At the Rockhouse Spa, we focus on relaxing & healing your system, allowing it to rejuvenate, reconnect and rebalance.
